

1 Northside,

To Paul Lawrence and Alan Hintz.

This is a quick note of appreciation to you both for your valued services and the result you achieved.

Needless to say, it has been a traumatic time for me (and my family) since the tragic death of my sister and the fire at Samph Oak last October.

Without the assistance of your good selves and my sister's wisdom when appointing Adrian and Martyn as executors, I could not imagine how I would have coped or what the end result vis-a-vis insurance, would have been. Doubtless CGU would have been better off!!

Thank you for your most valued assistance and for the compassion you extended to me during such a sad time in my life.

With kind regards,

Yours sincerely,

Diana Hewitt.
