Dear Mr. Taylor.

I should like to thank you all for your magnificent help over the last six months.

Heaven knows what I should have done without the assistance of your self, and Mr. Griffin.

Slowly the situation is normalizing - though, of course, little problems present themselves as one familiarize one self again.

But the house is greatly improved and I do thank you all for being around in my hour of need.

Kindest regards,

Sincerely,

Ram & Walter.
